Re: Heritage Plaza Section 01, Reserve B
Heritage Senior Apartments
Variance Request

Dear Ms. Hensley:

This letter accompanies a variance request for the referenced project to reduce the required parking spaces from 2 spaces per unit to 1.5 spaces per unit. The project will be senior apartments restricted to age 55 or older. Extensive studies have been conducted regarding the peak parking requirements for senior apartments leading to recommendations by the Institute of Transportation Engineers (ITE) manual of practice called Parking Generation, currently in its 4th edition. ITE reports that the 85th percentile weekday parking demand is 0.66 spaces per unit. As a comparison, the City of Houston requires 0.75 spaces per unit for senior communities. Studies consistently show that peak parking demand at senior apartments is significantly lower than typical multifamily developments.

The referenced project has 44 one bedroom units and 36 two bedroom units. The attached site plan shows the layout of the project and identifies 120 parking spaces (1.5 spaces per unit). Our experience confirms the research that 1.5 spaces per unit is sufficient parking for the referenced project. Please contact my office if you require further information.

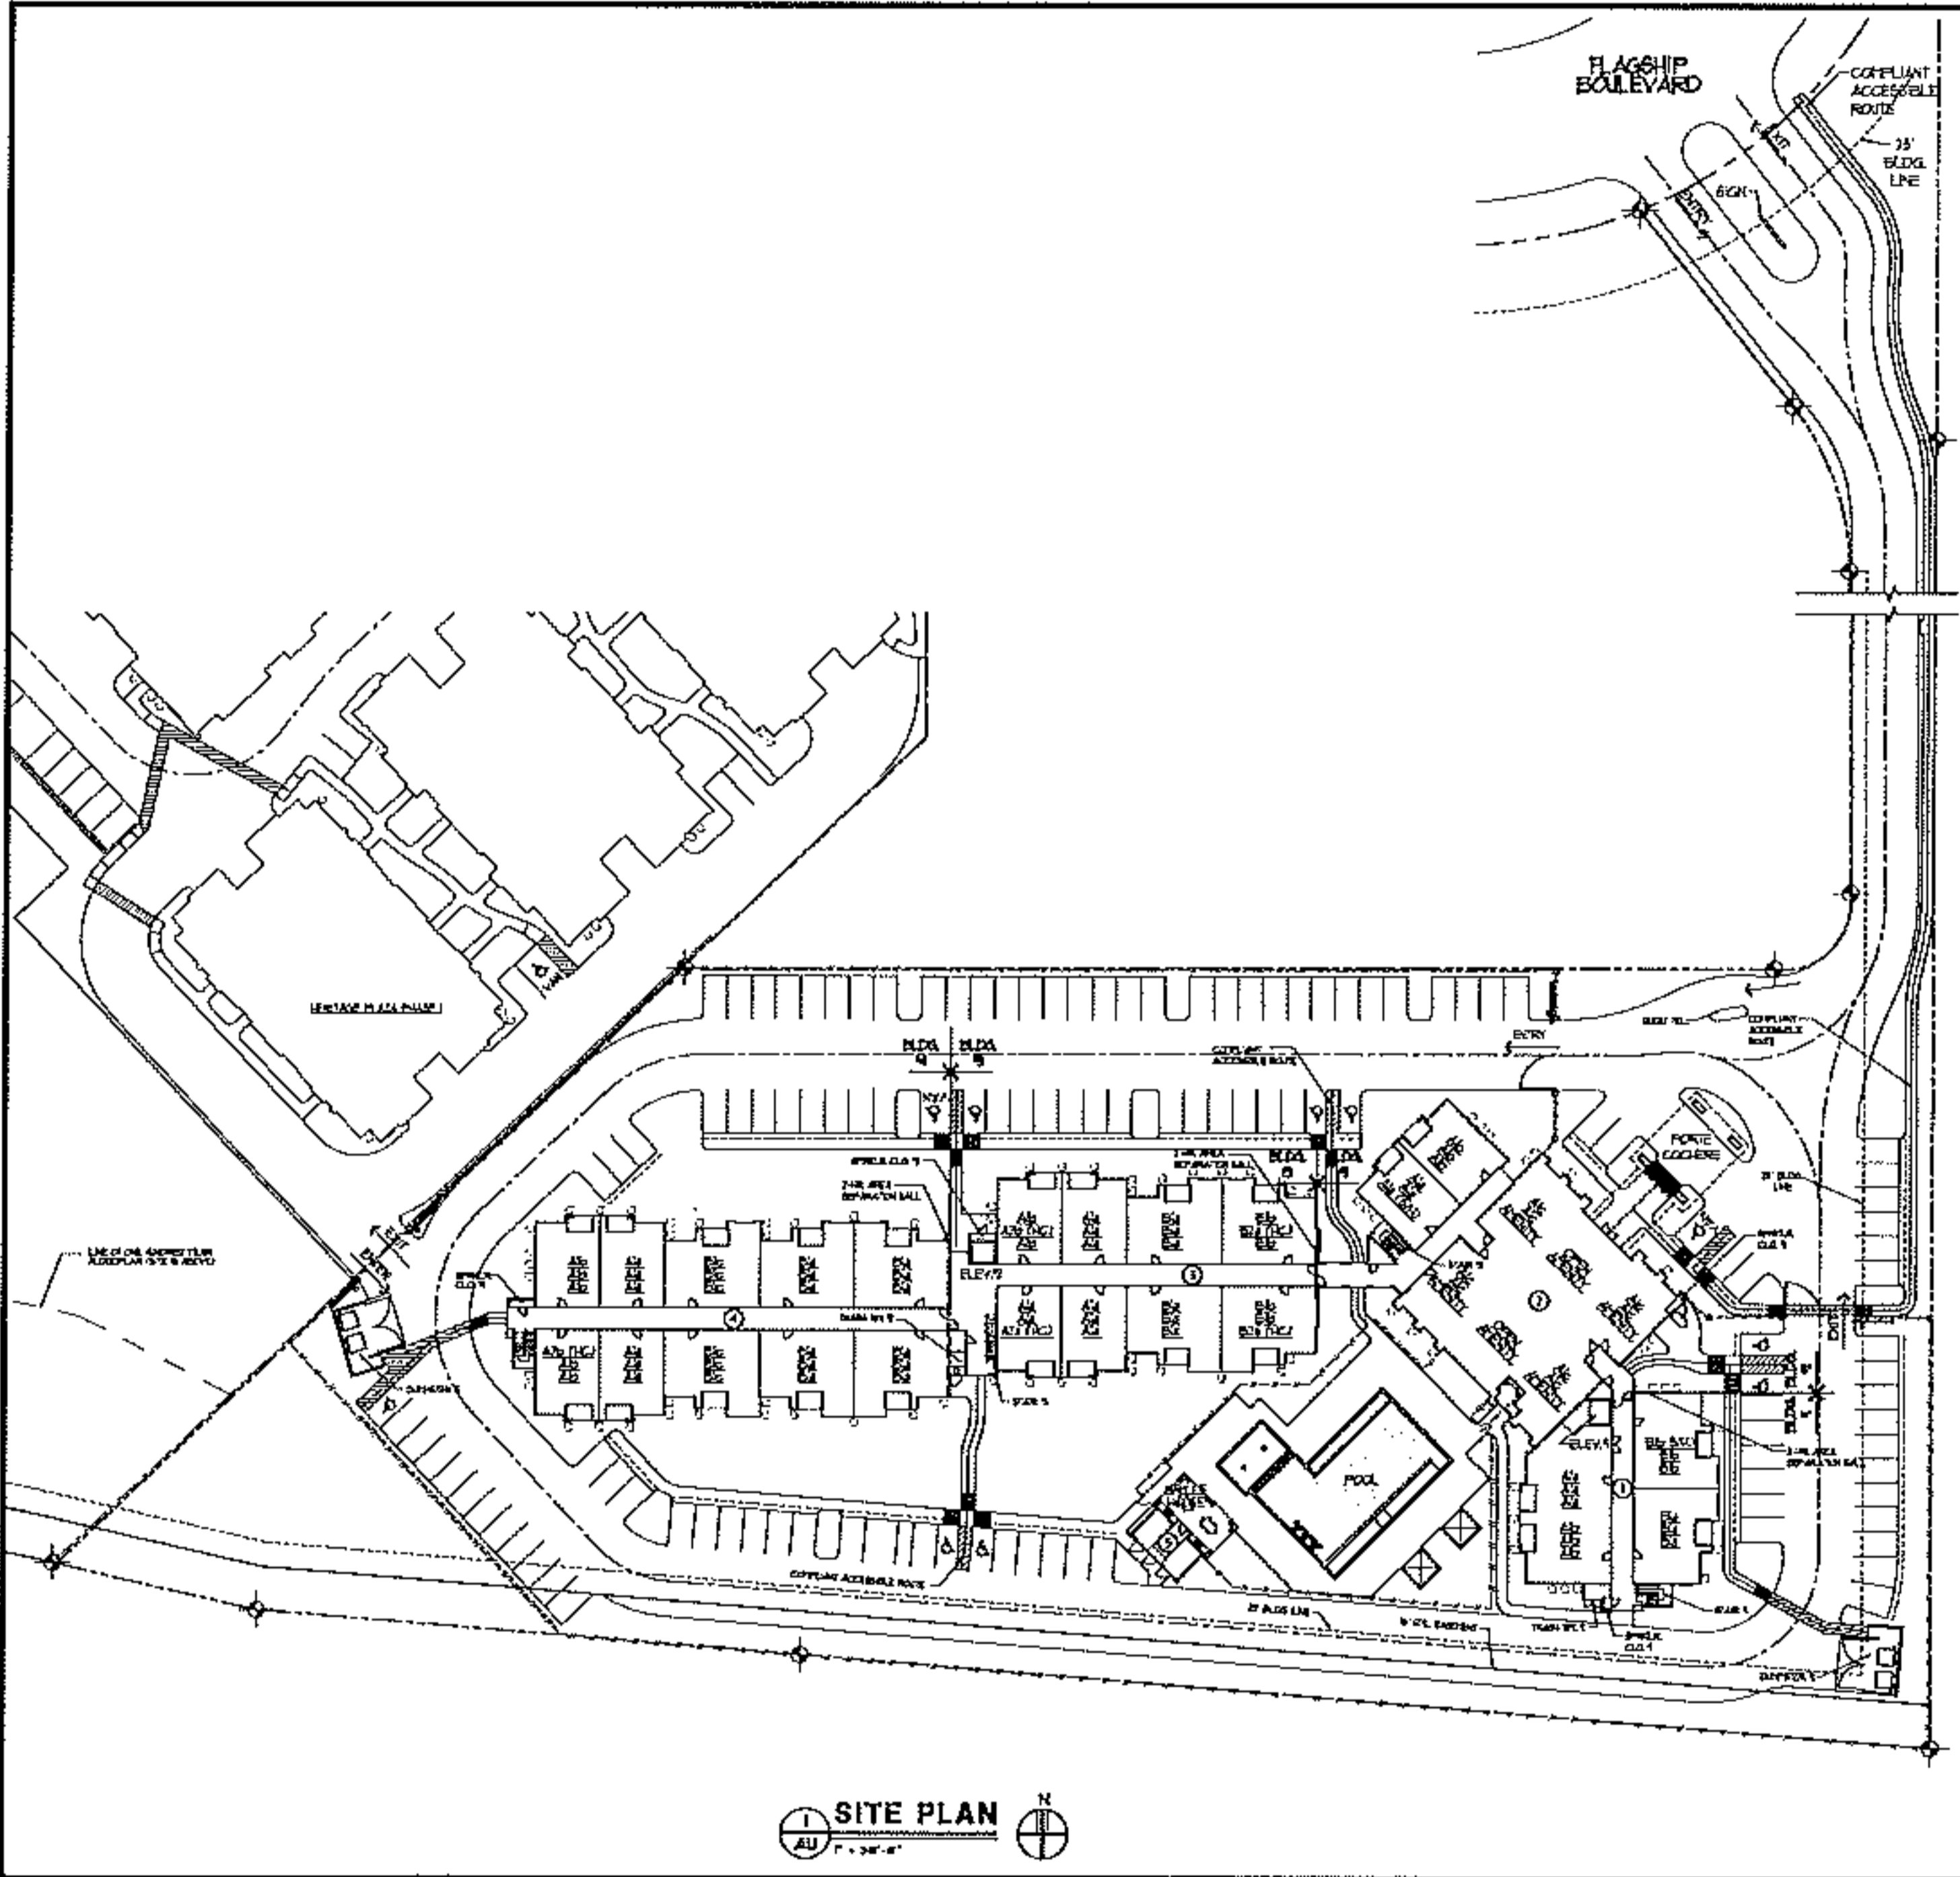

Sincerely,

A handwritten signature in black ink that reads 'William J. Kotlan'.

William J. Kotlan, PE
