NOTICE OF REGULAR TELEPHONE/VIDEO CONFERENCE MEETING

April 28, 2020

MONTGOMERY CITY COUNCIL

STATE OF TEXAS AGENDA

COUNTY OF MONTGOMERY

CITY OF MONTGOMERY

NOTICE TO THE PUBLIC IS HEREBY GIVEN in accordance with the order of the Office of the Governor issued March 16, 2020, the Montgomery City Council will conduct its Regular Meeting scheduled for 6:00 p.m. on **Tuesday, April 28, 2020**, at City of Montgomery City Hall, 101 Old Plantersville Road, Montgomery, Texas via Zoom Teleconferencing.

This meeting will be closed to in person attendance by the public. A temporary suspension of the Open Meetings Act to allow telephone or videoconference public meetings has been granted by Governor Greg Abbott These actions are being taken to mitigate the spread of COVID-19 by avoiding meetings that bring people into a group setting and in accordance with Section 418.016 of the Texas Government Code. Telephonic and videoconferencing capabilities will be utilized to allow individuals to address the City Council. Members of the public who wish to submit their written comments on a listed agenda item must submit their comments by email to shensley@ci.montgomery.tx.us by 3:00 p.m. on April 28, 2020.

Members of the public are entitled to participate remotely via Zoom Teleconferencing. Citizens may join the Zoom Meeting by logging on at https://us02web.zoom.us/j/82354634039 and using Meeting ID: 823 5463 4039. They may also join by calling (346) 248-7799 and entering the Meeting ID: 823 5463 4039.

The Meeting Agenda Pack will be posted online at <u>www.montgomerytexas.gov</u>. The meeting will be recorded and uploaded to the City's website on the next following day.

CALL TO ORDER

INVOCATION

PLEDGE OF ALLEGIANCE TO FLAGS

VISITOR/CITIZENS FORUM:

Any citizen with business not scheduled on the agenda may speak to the City Council. Prior to speaking, each speaker must be recognized by the Mayor. City Council may not discuss or take any action on an item but may place the issue on a future agenda. The number of speakers along with the time allowed per speaker may be limited.

CONSENT AGENDA:

- 1. Matters related to the approval of minutes of the Regular Telephone/Video Conference Meeting held on April 14, 2020.
- 2. Consideration and possible action regarding approval of an Approval of the Mixed Beverage, Caterer's Permit and Beverage Cartage Permit Application for Karla Throws a Party, LLC dba Chandlers Event Venue and Shindig Event Rentals located at 304–308 Caroline Street, Montgomery, as submitted by Karla Nash.
- 3. Consideration and possible action regarding completion of a one-year warranty period for the 18-Inch Gravity Sanitary Sewer Line Extension (Phase 1) project.

4. Consideration and possible action regarding completion of a one-year warranty period for The Shoppes at Montgomery Public Infrastructure project and release of the maintenance bond.

CONSIDERATION AND POSSIBLE ACTION:

- 5. Consideration and possible action on Department Reports.
 - A. City Administrator's Report and COVID-19 Update
 - B. Public Works Report
 - C. Police Department Report
 - D. Court Department Report
 - E. Utility/Development Report
 - F. Water Report
 - G. Financial Report
 - H. Engineer's Report
- 6. Consideration and possible action regarding acceptance of the construction bid for the TWDB Downtown Waterline Replacement project and authorize the project to be re-bid.
- 7. Consideration and possible action regarding calling a Public Hearing to be conducted by City Council, acting as the Zoning Board of Adjustment, regarding a variance request for a front building line of 25-feet instead of the required 35-feet for the proposed Heritage III development along SH 105, west of the Louisa Street intersection, as submitted by Cheatham Management to be held on May 26, 2020 at 6:00 p.m.
- 8. Consideration and possible action regarding calling a Public Hearing for a rezoning request from R1-Single-Family Residential to B-Commercial for Lot 16, Area D, Montgomery Townsite Section Four, a vacant lot behind 21105 Eva Street, as submitted by Cheatham Management to be held on May 26, 2020 at 6:00 p.m.
- 9. Consideration and possible action to appoint Kevin Lacy to fill the vacancy on City Council, Place 1, created by the resignation of Jon Bickford.

EXECUTIVE SESSION:

The City Council reserves the right to discuss any of the items listed specifically under this heading or for any items listed above in executive closed session as permitted by law including if they meet the qualifications in Sections 551.071(consultation with attorney), 551.072 (deliberation regarding real property),551.073 (deliberation regarding gifts), 551.074 (personnel matters), 551.076 (deliberation regarding security devices), and 551.087 (deliberation regarding economic development negotiations) of Chapter 551 of the Government Code of the State of Texas. (*There are no items at this time*.)

COUNCIL INQUIRY:

Pursuant to Texas Government Code Sect. 551.042 the Mayor and Council Members may inquire about a subject not specifically listed on this Agenda. Responses are limited to the recitation of existing policy or a statement of specific factual information given in response to the inquiry. Any deliberation or decision shall be limited to a proposal to place on the agenda of a future meeting.

ADJOURNMENT

Susan Hensley, City Secretary

I certify that the attached notice of meeting was posted on the bulletin board at City of Montgomery City Hall, 101 Old Plantersville Road, Montgomery, Texas, on the 24th day of April 2020 at 2:45 o'clock p.m. I further certify that the following news media was notified of this meeting as stated above: The Courier

This facility is wheelchair accessible and accessible parking spaces are available. Please contact the City Secretary's office at 936-597-6434 for further information or for special accommodations.

MINUTES OF REGULAR TELEPHONE/VIDEO CONFERENCE MEETING

April 14, 2020

MONTGOMERY CITY COUNCIL

CALL TO ORDER

Mayor Sara Countryman declared a quorum was present on the Zoom Teleconference Meeting and called the meeting to order at 6:07 p.m.

Present:

Sara Countryman

Mayor

John Champagne, Jr. City Council Place # 2

T.J. Wilkerson

City Council Place #3

Rebecca Huss

City Council Place #4

Tom Cronin

City Council Place # 5

Absent:

Vacant

City Council Place #1

Also Present: Richard Tramm

City Administrator

Susan Hensley

City Secretary

Alan Petrov

City Attorney

INVOCATION

T.J. Wilkerson gave the Invocation.

PLEDGE OF ALLEGIANCE TO FLAGS

VISITOR/CITIZENS FORUM:

Any citizen with business not scheduled on the agenda may speak to the City Council, Prior to speaking, each speaker must be recognized by the Mayor. Council may not discuss or take any action on an item, but may place the issue on a future agenda. The number of speakers along with the time allowed per speaker may be limited.

- State or type your name at the time of making your comment.
- Limit comment to a maximum of three minutes.

Mayor Countryman announced that no comments were received for the Visitor/Citizens Forum. Mayor Countryman said she would like to recognize and thank Mr. Mike Muckleroy, Director of Public Works, for taking a proactive approach during the storms last week. Mayor Countryman advised Mr. Muckleroy went out and checked the City on his own and found that we had a drainage ditch that was backed up, so he cleaned out the ditch and removed the debris. Mayor Countryman said Mr. Muckleroy was the ideal person for this position and his efforts are appreciated.

CONSENT AGENDA:

- 1. <u>Matters related to the approval of minutes of the March 10, 2020, Public Hearings and Regular Meeting and March 23, 2020, Special Emergency Meeting.</u>
- 2. Consideration and possible action regarding authorizing the Mayor to execute an Agreement to Accept Donation of Real Property and Donation Deed on behalf of the City granting property to TxDOT for a right-hand turn lane at the southeast corner of the intersection of SH 105 and FM 149.

Rebecca Huss stated that she found it ironic that action is being taken by TxDOT in the middle of a crisis and they have time to accept some free property.

John Champagne moved to accept the Consent Agenda as presented. T.J. Wilkerson seconded the motion, the motion carried unanimously. (4-0)

CONSIDERATION AND POSSIBLE ACTION:

3. City Administrator to update the City Council on items related to the COVID-19 Disaster Declaration.

Mr. Tramm presented an update to City Council stating that there were no action recommendations at this time but he wanted to give City Council an update on some of the measures that have taken place at City Hall so City Departments are able to function at this time.

Mr. Tramm said at City Hall they were initially providing hand sanitizer before we limited City Hall to no general public access, which is where we are at this time. Mr. Tramm said the City is conducting primary business via telephone, email and drop box if necessary, and regular mail. Mr. Tramm said the public entry to City Hall has been closed and if there is a specific need for a contractor or public access, it is on an appointment basis. Mr. Tramm said they have expanded the

use of teleconference for meetings, such as this meeting, Planning and Zoning Commission, and they are starting to use it for collaborative work efforts with multiple departments.

Mr. Tramm advised the City has begun the application process, which has been received by FEMA for any of the expenses the City might go through that might ultimately become reimbursable by FEMA.

Mr. Tramm stated all City employees have been provided with face masks for their use, either within City Hall or out in the community. Mr. Tramm said initially temporary paper masks were distributed, and some have used their own cloth masks that were provided. Mr. Tramm said yesterday the Montgomery Quilt Company supplied masks for everyone at City Hall, at no charge to the City. Mr. Tramm said later this week they are planning, via teleconference, the final CDBG Hearing on the MLK/Baja Project, which will be a staff and consultant-led item.

Mr. Tramm advised Public Works has been split into single-person crews to avoid staff being in the same truck. Mr. Tramm said when multiple crew members are needed at one location they will arrive in separate vehicles. Mr. Tramm stated the Police Department has loaned one of their vehicles to Public Works so they can have the single man crews. Mr. Tramm said where time has been reduced in some areas of Public Works, they are using that time to catch up on maintenance items. Mr. Tramm said when maintenance is deferred too long it results in other problems. Mr. Tramm said Public Works was able to reclaim a large area of sidewalk along SH 105, which had been overgrown. Mr. Tramm said if they had to install that length of concrete, it would have been a significant cost. Mr. Tramm advised daily city park checks are being done, and noted the park equipment, as per the County Order, has been closed off where children would have climbed on it, while the open spaces at the parks remain open to the public.

Mr. Tramm said the Court dates for April and May 2020 have been reassigned until later in the summer because of the restrictions of gathering in groups. Mr. Tramm said the Court is making greater efforts to work with the public by telephone, email, and through the onsite drop box. Mr. Tramm said one of the companies used for collections is lowering some of their fees during this time to allow increased payments for the customer.

Mr. Tramm said the Police Department probably has the most difficult job finding the balance between public safety and public health, and they are continuing to do patrol with officers using their discretion on when to initiate a traffic stop. Mr. Tramm said they are working to take reports

by phone, when possible and appropriate, avoiding contact with the public unless it is necessary. Mr. Tramm said the Police Department is beginning to limit their responses to accidents to ones with potential or actual injuries and advising for the exchange of information with non-injury accidents.

Mr. Tramm said he wanted to advise that since the early March City Council Meeting the State Comptroller's Office determined the City of Montgomery should not have been paid certain sales tax late last summer. Mr. Tramm said those funds are being taken out of the March and April payments. Mr. Tramm advised he had a discussion with the bookkeeper today and they will be transferring that money that was previously set aside in TexPool back into the operating fund account in place of that amount. Mr. Tramm said the March 2020 sales tax payment was entirely zeroed out and the April payment will be approximately \$2,700. Mr. Tramm said when they receive the April payment the City will be caught up. John Champagne asked about the other amount and whether it was about the same. Mr. Tramm said the total was approximately \$370,000 to \$380,000 range, so \$217,000 would have been the March sales tax payment, so the balance of that, which was above the \$217,000 carried over into what will be the April payment. Mr. Tramm said there will be no deduction in May and beyond. Mr. Tramm said since they put those sales tax funds in TexPool they will put that money back into the City's main operating account, so it will look to us as if we received that money normally because we did not go out and spend the money the City received in error.

Rebecca Huss said thank goodness the City never spent that money and never counted it as our funds because this is the wrong month to have zero in sales tax dollars. Rebecca Huss said it was very nice to have been so prudent with those funds and to have had it as a payable to somebody else all this time. Mr. Tramm said they will also get a couple thousand dollars in interest for the funds being in TexPool. Mayor Countryman said they held the funds for about seven months. Rebecca Huss said in the past they spent the money they received and when the error was corrected, the City did not have the gap in the budget to be able to move the sales tax they were withholding.

John Champagne asked Mr. Tramm what his anticipation of shortfall of revenue would be due to lack of sales, which he understood would be a guess. Mr. Tramm said all he could give would be a guess but said he would not be surprised if May's 2020 compared to May 2019, which would reflect the April business, is down by as much as 50-70%. John Champagne asked which category of economic activity is the City's source of revenue sales tax. Mr. Tramm said the City's single largest sales taxpayers include the grocery stores, hardware stores, a couple of the larger restaurants, but

when you get past those top ones, telecommunications and networking do reflect a fairly sizable amount of the tax revenue we receive. Mr. Tramm said some elements might buffer the City, for instance, it has been observed by several there is a lot of people at the floral and garden shops because the people are at home and working. Mr. Tramm said McCoy's does have a decent amount of business while people are not going into the store. Mr. Tramm said it will be interesting to see how the month of April turns out to be. Rebecca Huss said she was not as worried about the short-term, but she thought the next fiscal year it is going to be painful for the City where everyone is home and investing in themselves.

John Champagne asked Mr. Tramm if all the staff is being utilized the way they have been when operations were running normally. Mr, Tramm said there have been some changes in how they are operating, but by and large City Hall staff is working on the things they have been working on, it is just being done differently. Mr. Tramm said in the utility office the one-on-one direct contact is not there, but they are getting the phone calls and people are paying online, dropping payments off, so the communication is simpler, it is just in a different method. John Champagne said he would assume all Department Heads are looking at their activity and the necessity of being fully manned is being evaluated, because the hard conversation is depending on how much longer this lasts, and every business that he interacts with, furloughing, layoffs, he thinks we need to be mindful that our revenue is going to be affected and we need to be as smart as we can be in the utilization of our personnel. Mr. Tramm said that was high on his mind, and said they certainly have the reserves to get through at least six months and probably more of normal operation, but they should not be relying on the reserves. Mr. Tramm said if in the long run revenue is a permanent shortfall, they will have to find ways to adapt and make that work. Rebecca Huss said since the City has grown, the City topline has grown a lot, but the personnel has not followed, for the most part, so every investment in a person they have made has been justified by the productivity and activity they have transferred from third party activity to do it inhouse. Rebecca Huss stated it has been that we are taking an expense that we already have and now have the capability of doing that function inhouse. John Champagne said there is always a downside to doing that, which is obvious, because a thirdparty individual that is not being utilized, you just stop using them and noted the City's largest expenditure is personnel. John Champagne said he was not saying that anything needed to be done, what he was saying is the Department Heads and the City Administrator, he was sure, are evaluating the necessity of being at full throttle with personnel. Rebecca Huss said the underlying infrastructure for Public Works is the same size with the same amount of stuff running through the system, and if you look at what was on Facebook, there is more maintenance and more activity rather than less. John Champagne stated he would leave that micromanagement up to the people they have in charge, but he wanted to say, in a regular business when revenue is down, a corresponding reduction in expenses is always looked upon and the City is not exempt. Rebecca Huss said they aren't, although they can argue from a management perspective, not micromanaging, if you can take care of people you have a loyal workforce that works harder and more productively through the downside and the upside and you get more out of people through the cycle than you do from laying people off when times get tough because they don't care about your business at all. Rebecca Huss said if you take care of people, you will have your top guy in a ditch when something needs to be done on a side of town that nobody has driven to in a couple of days, because he knows that something has to be done, and he does it because he loves his job and town, not because it is a paycheck. John Champagne said that it is not unique to the City. Rebecca Huss said it was unique to employers that take care of their employees. John Champagne said all he was saying is, it is a rudimentary part of local business, and he was not proposing anything, he was just saying the Department Heads we have in place, Chief of Police, is something that they need to be aware of, and he is sure they are, he was just bringing it up. John Champagne said if this continues in terms of economic shutdown it is not going to get any better, it is going to get worse.

Mr. Tramm said each department is keenly aware of the difficulties of the situation and those things will be evaluated as they move forward and hopefully, this will be a small blip on the radar, but if it becomes a much larger one, they will deal with them. John Champagne said he had full confidence in our people, stating he felt we have the best people they have ever had in the City. John Champagne said he might disagree with the fact this is not a small blip, the lag time to get this thing up and going is going to be appreciable and this economic problem, in his estimation, is going to be much bigger than the viral problem. John Champagne said what has occurred with businesses in the City and the surrounding area he feels is going to be catastrophic, and said he hopes that he is wrong.

EXECUTIVE SESSION:

The City Council reserves the right to discuss any of the items listed specifically under this heading or for any items listed above in executive closed session as permitted by law including if they meet the qualifications in Sections 551.071(consultation with attorney), 551.072 (deliberation regarding real property),551.073 (deliberation regarding gifts), 551.074 (personnel matters), 551.076 (deliberation regarding security devices), and 551.087 (deliberation regarding economic development negotiations) of Chapter 551 of the Government Code of the State of Texas. (*There are no items at this time.*)

COUNCIL INQUIRY:

Pursuant to Texas Government Code Sect. 551,042 the Mayor and Council Members may inquire about a subject not specifically listed on this Agenda. Responses are limited to recitation of existing policy or a statement of specific factual information given in response to the inquiry. Any deliberation or decision shall be limited to a proposal to place on the agenda of a future meeting.

Mayor Countryman commented about moving forward from COVID-19 and what it looks like because no one has ever seen this before in this capacity. Mayor Countryman said she did not know what the future holds, but she wanted to make sure they have a plan in place to protect our small businesses and to be that resource for them. Mayor Countryman said she was assuming the Montgomery EDC Tourism Coordinator Freida Joyce is taking in all the grant opportunities in Federal and State to help the business owners. Mayor Countryman stated the Montgomery Area Chamber is doing a wonderful job, and if you know of anybody the Chamber can help, she has the information to share but said she also felt it was the City's responsibility to do that. Mayor Countryman said she wanted that information ready when our small businesses call in for help.

Mayor Countryman said from what she has seen, the City is still providing great service to the residents and our businesses and said she thought the City should take this blueprint forward, but also ask for feedback from the businesses and residents. Mayor Countryman noted to Mr. Tramm that she felt they needed to get that information out there so they can get feedback. Mayor Countryman said this virus is something she has been hearing that yes, we will get over the summer hump, but we could potentially see this again if there is another outbreak in the fall. Mayor Countryman said now that we have this blueprint, how do we get prepared for another outbreak. Mayor Countryman said this could be our new normal instead of going back to what normal was a month ago, so if we do come back to the new normal, we need a Plan A and Plan B.

Mayor Countryman said when Consolidated and Suddenlink was down, she was down for five days. Mayor Countryman said she works from home as well, and so strengthening our relationship with those communication and telecom companies, so the City has direct communication with them, instead of residents trying to communicate with them to get service back up and running. Mayor Countryman said she understood that it has taxed them with the schools and businesses all using the lines, but she felt that we need to strengthen our business relations, just like we do with Entergy, which has been extremely helpful. Mayor Countryman said she has been reaching out to quite a few people, and she

wants to make sure City Hall has the feedback. Mayor Countryman said the small businesses are the lifeline of our City, so if there are grants and help available let us be that resource to get them up and going. Mayor Countryman said we need our City to be stronger than the virus, while she knows the City took a hit, how are we going to get back on our feet in a quick manner and provide those services. Mayor Countryman said she wanted everyone to think and talk about it to see how they can forge relationships on all those levels of funding as well as continuity in services.

Mr. Tramm advised he has noted what the Mayor has discussed, and he will be looking into some of those items. Mr. Tramm said he agreed the sooner the businesses are up and running will be a big help to the City's bottom line because that is how we get the bulk of our revenue through those taxes. Mr. Tramm said the services and products being available to the public is what a lot of the people will need. Mr. Tramm said there have been a couple of businesses that have contacted the City and we have been trying to put them in touch with the Chamber, SBA, and the banks that are involved with those directly. Mr. Tramm said if there are services the City can help provide directly, we will certainly make every effort to do that. Mayor Countryman asked if GrantWorks was making any additional programs available for business owners. Mr. Tramm said the City has not been notified of any yet, but he expects there will be something in the future and said he thought it might be a little early for them to have anything rolling out at this time. Mr. Tramm said they do have a conversation Thursday afternoon with GrantWorks and he will make a point to touch base with them on that information, so if they see or hear of something they will know to contact us because we would be interested. Rebecca Huss said if there is something the City can do in partnership with the businesses, even if we have to spend some money to help the businesses or there are grants available, that is something we can look at. Rebecca Huss said GrantWorks has already done all the demographic surveys, so hopefully, that would give us a benefit and ability to work more quickly. Mayor Countryman said a lot of the City's tax base comes from Kroger's, McCoy's, and those big corporations, but our downtown is crucial and critical to our livelihood, Mayor Countryman said she has seen what Tom Cronin has done with delivery with his business and those are the things they have to shift to try and be successful in conducting business differently, just like having a meeting via Zoom for business continuity in the City. Mayor Countryman said these are all things that are the new normal, and if there is a secondary or third outbreak, she asked what have we learned and what can we take forward, and how can we continue to thrive differently. Mayor Countryman said she wants to make sure that if a resident or business owner calls City Hall, they can get answers and be provided with information. Rebecca Huss said she would like to see the City be more aggressive with delivering services in reaching out to people via this type of platform that they are interested in, and we can think of things and be more proactive in getting in touch with people and delivering services, whatever the new normal is. Rebecca asked what the City is doing, such as maybe a go-pro type of message with what is going on in the City, if they cannot come to City Hall. John Champagne said he was trying to understand exactly, other than communication and maybe somebody that must be taught how to get an SBA loan, what can the City do. Mayor Countryman said she would love to have the City Administrator be able to call the customer service manager at Suddenlink and Consolidated to report outages because services were down for days here and it was up to the residents, so a leader being able to have direct contact like they do with Entergy. Mayor Countryman said the City now has a lifeline with Entergy where things become a priority very quickly. John Champagne said that should be the standard operating procedure, that is nothing new. Rebecca Huss said there is also the questions of how someone wanted to get a deck on the back of their house, how does that work now with permitting, the City needs to deliver services to people in a way they find easier to deal with. John Champagne asked how the City would do that, Rebecca Huss said that is exactly the question, how do we reach the people. John Champagne said we have the greatest communication era of the history of mankind and you are going to try and think of a new way to do it. John Champagne said Mr. Tramm better be taking care of what he needs to take care of, and said he did not know who we are going to get to provide these services that are going to be individualized, but they have internet, phones and social media, so what and how else can we provide the information. Mayor Countryman said they did not have internet, and she was just asking us to build relationships with Consolidated and Suddenlink, so the City has a lifeline to get something done quicker than six days. Mayor Countryman said she knew that all telecommunications were overloaded. John Champagne said a lot of people were laid off so the response times on a lot of services are going to be delayed. Mayor Countryman said she was just saying if they could have that leadership position, that phone call would state the City is down and having issues, otherwise, it is up to the residents to call in and it was a nightmare. Mayor Countryman said for business continuity, it would help to have a relationship so when they need service, the City could call versus residents calling the tech support line. John Champagne said there is an individual effort that must be made, and he agrees with the Mayor if the City can do something that is great, but they cannot hold everyone's hand. John Champagne said what he does know is the City toilets better flush, the water better flow, the roads repaired, and the City better be protected.

ADJOURNMENT

Rebecca Huss moved to adjourn the meeting at 6:43 p.m. John Champagne seconded the motion, the motion carried unanimously. (4-0)

Submitted by: Date Approved:
Mayor Sara Countryman

Meeting Date: April 28, 2020	Budgeted Amount:				
Department: Administrative					
Prepared By: Susan Hensley, City Secretary	Exhibits: Beverage Permit Application Pack				
Date Prepared: April 23, 2019					

Subject

Application by Karla Throws a Party, LLC dba Chandlers Event Venue and Shindig Event Rentals located at 304 –308 Caroline Street, Montgomery for a **Mixed Beverage Permit -MB**, **Caterer's Permit - CB**, and **Beverage Cartage Permit-PE**, as submitted by Karla Nash.

Recommendation

Approval of the Mixed Beverage, Caterer's Permit and Beverage Cartage Permit Application for Karla Throws a Party, LLC dba Chandlers Event Venue and Shindig Event Rentals located at 304 – 308 Caroline Street, Montgomery as submitted by Karla Nash.

Discussion

The Montgomery Code of Ordinances states the following:

<u>City Code - Sec. 6-33</u>. – Approval of license application by City Council. After all the requirements for a license application under the provisions of this article have been met as determined by the City Administrator, the application shall be presented to the City Council for approval at a public meeting.

Approved By	(//)	
City Secretary & Director of Administrative Services	Susan Hensley, City Secretary	Date: April 22, 2019
City Administrator	Richard Tramm, City Administrator	Date: April 22, 2019

April 21, 2020

City of Montgomery 101 Old Plantersville Road Montgomery, Texas 77356

City Council Members:

Please see below and attached documentation for approval of a TABC Mixed Beverage License to be located at 304-308 Caroline Street, Montgomery, Texas. These properties previously held a TABC Mixed Beverage License but have not in over two years.

304 Caroline Street will be used as an event venue for rehearsal dinners, showers and corporate events. It will not require a late hour's license. The building will not have regular business hours but will operate when hosting an event. 308 Caroline will be an event rental supply business and a bar catering service. Hours for this business will be by appointment. Both properties, per TABC, will be under the same license as in previous years. TABC has instructed me to list the address on the application as 304-308 Caroline Street. And to list myself as the property owner since I will be the owner by the time the application is approved.

These buildings are not within 300 feet of an operating church, school or hospital. Each building has two bathrooms.

If you have any questions, please do not hesitate to ask. Thank you for your consideration.

Karla Nash

City of Montgomery Alcohol Beverage License Application

Re:

One-Year Warranty Inspection

Construction of 18-Inch Gravity Sanitary Sewer Line Extension (Phase I)

City of Montgomery TIN No. 74-263592

Dear Mayor and Council:

Jones | Carter held the one-year warranty inspection for the reference project on January 7, 2020 at 1:30 PM.

The following individuals were in attendance during the one-year warranty inspection:

Mr. Michael Carpenter – Jones | Carter

Mr. Jim Gregg - Jones | Carter

Mr. Eric Standifer – City of Montgomery

Mr. Russell Roan - Randy Roan Construction, Inc.

Based on the completion of all punch list items identified at the one-year warranty inspection, we recommend the City officially end the warranty for the project.

Should you have any questions or need any additional information, please do not hesitate to contact me.

Sincerely,

Michael D. Carpenter **Construction Manager**

City Administrator's Report – January – March 2020

The overriding event of the last two months has been the COVID-19 public health emergency. Each City department has adapted its operations to best work through the current situation and still fulfill our core missions. City Hall has been closed to the general public but staff is primarily available onsite by phone and email, with some of the public and contractors being handled in person on a case-by-case basis. Each of City Council, Planning and Zoning Commission and Montgomery Economic Development Corporation have conducted a public meeting via teleconference. I am working to monitor the frequent, and sometimes daily, changes to the federal, state and county orders and guidelines.

The City meetings that I have attended over the last two months included City Council Meetings on March 10th and (via teleconference) April 14th, the Planning and Zoning Commission Meeting (via teleconference) on April 7th and the MEDC Meeting (via teleconference) on April 20th. Staff completed an active shooter training event was conducted at City Hall on February 26th. I completed Public Funds Investment training April 7th via online class, as well as observed several online events during late March through mid-April. We held a final public hearing via teleconference for the Martin Luther King, Jr./Baja project on April 16th, and we are now moving towards closing out this project. In addition, we had an April 23rd telephone conference with FEMA and TXDEM to go over the City's initial disaster filing related to the COVID-19 pandemic. FEMA is expected to reimburse approved items at 75% of actual expense for items directly related to the disaster.

We are getting close to being able to close out the application package on the fourth Home Grant property. I have been advised by Grantworks that the fourth property has been accepted and the closing documents will be prepared soon. I expect they will be able to work on all

four of these on a similar timeline. I have communicated the acceptance of the fourth Home Grant property to that property owner.

Several events to be held in the City, including the Antiques Festival and the Montgomery Music and Mudbugs Festival have been cancelled. We are working with some of these groups on alternative dates later in the year. As I look forward in considering that those events will resume one day, I am looking to identify additional potential sites for downtown area public parking that the City might consider for a future parking lot lease agreement. I will report back to the City Council on this in the future.

On the Martin Luther King, Jr./Baja project, we are gathering quotes to present to City Council for the next meeting for some follow up work to address some safety improvements for traffic that were not part of the original project scope.

While we are in the current situation, the Public Works and Police Departments have temporarily delayed hiring of additional staff for approved positions. I would also like to highlight a recent Public Works project on Old Plantersville Road where City staff installed a new manhole at a site where a bend in the sewer line had multiple blockages. The cost of this was less than \$2,000 done by City staff compared to a contractor estimate of approximately \$10,000. Please see the Public Works report where I include additional information on this item.

I had previously planned utilizing vacation time in late March. I cancelled my travel plans to stay in the City due to the current conditions related to the COVID-19 pandemic. I will look at rescheduling that travel during an appropriate time.

Please feel free to contact me directly if you have any questions on these items. I look forward to seeing each of you at the upcoming meeting.

Respectfully submitted,

Richard Tramm City Administrator

CITY OF MONTGOMERY

Development Report

April 2020

By: Richard Tramm, City Administrator

Dave McCorquodale, CPM, Assistant City Administrator and

Director of Planning and Development

This month's report finds the City in the midst of a global pandemic that is affecting every facet of our lives. With travel recommended for only essential activities and businesses deemed non-essential under orders to close, many local businesses are grappling with drastically lower sales revenue while also navigating the human cost of the Coronavirus. Residential and commercial development has held steady in the City and surrounding areas, and we are closely monitoring the situation to understand the impact on economic development within our City.

Commercial Development

KENROC Property – This 13-acre development is along the north side of SH 105 and east of Lone Star Parkway. There are 3 pad sites with SH 105 frontage that include a 16,000 ft. building with an AT&T store that is open and an orthodontist office currently under construction. Future plans call for a 24,000 ft. building on the north side of the property. Christian Brothers Automotive is now open and Discount Tire is in preliminary design on an adjacent parcel.

<u>Kroger Site</u>—The site is approximately 80% built out, with 3 parcels remaining for development. Within the retail center, there are several restaurants, retail businesses, and salon/personal care establishments. Most of the locations in the main building are occupied.

West of Kroger/East of Buffalo Springs Road — This is a 16-acre site with utilities installed and ready for development. The site master plan depicts a retail center similar to the Kroger center and four pad sites closer to SH 105. The Blue Wave Express car wash is part of this development.

Central Business District — Best Donuts, located at 20998 Eva St, is nearing completion with plans to open in the next month. The contractor is working with the City on several outstanding items. Coldwell Banker has moved from Walden Road to Heritage Place near the intersection of SH 105 & FM 149. Wings Over Montgomery, designed as primarily a take-out wing restaurant, has started renovations on the building next to the First State Bank in downtown.

<u>The Shoppes at Montgomery</u> – This is a 26-acre property located at the southwest corner of SH 105 and FM 2854. Chick-Fil-A is currently under construction with a planned opening on May 21st. Plans have also been approved for a stand-alone Starbucks location near Chick-fil-A and construction is expected to start soon. Two retail centers are also under construction in this development.

Residential Development

The first quarter of 2020 is drawing to a close and residential construction has continued at strong pace. 17 new homes have been completed this year. Existing homesite inventory is still available, and a total of 230 homesites are part of two new subdivisions that are in the early stages of the development process.

<u>Heritage Senior Apartments</u> — The next phase of the apartments is nearing completion. This include approximately 80 apartments, which are complete and 6 to 8 "cottages" which are four-plex units at ground level that should be completed in the next two months.

<u>Hills of Town Creek Subdivision</u> — With a total of 100 single-family homesites, this subdivision is on the west side of the City. 55 homes are complete, 18 are under construction, and 27 lots are available. Preliminary plans for a new 30-lot section have been submitted for review.

<u>Terra Vista at Waterstone</u> – This is a 61-lot single-family subdivision north of Waterstone along FM 1097. 29 homes are complete, 11 are under construction, and 21 lots are available.

<u>Montgomery Townhomes</u> — Preliminary plans have been submitted to the City for a 48-unit townhome project along Plez Morgan Drive. The project is in the early stages of review with no immediate timeline for construction. More details will be provided as they become available.

City Development Activities

Texas Water Development Board Funding - The TWDB has provided funding in the amount of \$2.8 million for water and sewer work. The projects being funded include the connection of a 12-inch water line north of Clepper Street to the 12-inch line west of Cedar Brake Park (which will increase the water pressure on the western side of the city). The project design has been approved by the state and has been bid. Due to a low number of bidders, the City is currently evaluating options for rebidding the project. There are also improvements at Water Plant #3 under review that will increase water production capabilities.

Part of the Texas Water Development Board funding is to improve Lift Station #1 that feeds all the city's wastewater into the Stewart Creek Treatment Plant. Work is underway and the contractor plans to be completed in late May. The rerouting of the Lift Station #3 force main directly into Lift Station #1 will greatly increase the efficiency of the sanitary sewer system.

General Land Office Severe Flood Mitigation Grant — In May, 2017 the City learned of approximately \$22 million dollars in grant funds that had been offered to Montgomery County from the Texas General Land Office (GLO) for flood related damages since Montgomery County was one of 6 counties selected for the grant due to severe flood damage in the past two years. The City was allocated \$2.2 million of GLO funding. In late 2019, the City Council authorized the City Administrator to prepare an RFQ for an engineering firm to prepare a study of the Town Creek Watershed to identify specific recommendations for drainage improvements to alleviate flood risks. The RFQ for a qualified engineering firm went out early this year and the review process is underway. Eight firms submitted under this RFQ, and five have been selected for interviews.

<u>Comprehensive Plan</u> — The City, in partnership with Texas A&M's Community Resilience Collaborative and Texas SeaGrant, is developing a Comprehensive Plan that will guide the City's decision-making process by identifying a long-term vision for how the City will grow. The Plan will be based on the values and expectations of the community, and will guide public policy in areas such as transportation, utilities, land use, recreation and housing. <u>The draft of the Comprehensive Plan should be complete in late April for review</u>.

Downtown Walkability/Improvement Plan — This effort is to improve the streetscape and infrastructure of the downtown area, which is thought to be the heart and soul of the city. The intent is to meet with downtown property owners and businesses, city residents and other stakeholders after the City has a draft plan to review. Design concepts were developed by Texas A&M Landscape Architecture students. The MEDC held a workshop in January 2020 to review the designs. Both staff and Texas SeaGrant are going to use the discussion comments to update maps and concept drawing materials and bring those back to MEDC for further discussion and consideration. This project dovetails into the City's Comprehensive Plan update, and will pick up in earnest once that is complete.

<u>Memory Park</u> — The Lake Conroe Rotary Club continues to do an excellent job making improvements to the park. They contribute significant resources every year with the City funding the infrastructure expenses. The Public Works Department is currently developing an up-to-date irrigation map of the park to aid in future work.

<u>Cedar Brake Park</u> — While the playgrounds are closed to the public to help prevent the spread of the Coronavirus, many residents are still utilizing the park for exercise while maintaining social distancing requirements. The Public Works Department is adding parking spaces on the west side of the park along Shepperd Street and have replaced rotten wood on picnic tables throughout the park.

Baja Street Project - A Community Development Block Grant was awarded from the state for repaving Baja Street, replacing a water line and improving the drainage along Baja and Martin Luther King Jr. Drive. A \$26,000 cash match was required for the \$350,000 grant. The bid for this work was approved in October 2018. Work was stopped after problems with the original contractor and new contractor was selected for the project. The project was recently completed with a related project currently being evaluated outside the grant funding.

HOME Grant -- The City Council approved an application to be made for the State of Texas HOME project in mid-2018. This will fund up to eleven new houses or major renovations to existing homes for those who qualify. The applicants must have an income below 80% of the average for the area, be the owner of the house and have a clear title to the property where the new house will be. The initial application process resulted in three city residents qualifying for new homes. The grant has no local match, and the MEDC has agreed to cover any incidental costs required by the grant. Each house includes roughly \$100,000 in total funding for administration and construction. Agreements with three residents approved under this program were signed on January 21, 2020. A fourth resident has been approved and is anticipated to close soon.

Monthly Report for February 2020

Water

- Replaced several meter boxes from yearly meter check list.
- Repaired leaking gasket for cooling tower meter at Well 4.
- Completed occupancy verifications for water accounts.
- Activated/deactivated 5 water accounts.
- Did not complete monthly cutoff list due to mailing issues.
- Completed monthly leak notification door hangers.
- Completed monthly check of idle meter list for consumption. No issues were found.
- Completed 9 work orders for endpoint maintenance issues.
- Completed 2 work orders for water leaks.
- Completed 9 work orders for miscellaneous water issues.
- Completed 5 work orders for water taps.

Wastewater

- Sewer line on Old Plantersville Rd. was cameraed after stop up was cleared. Location of stop up was a 45 degree bend on the main line and a manhole will be installed to eliminate future issues.
- Completed 4 work orders for sewer taps.
- Completed 3 work order for sewer-stop up.

Streets/Drainage/ROW

- Repaired damaged speed limit signs.
- Cleared storm inlets throughout the city.
- Picked up 15 gallons of used oil left in buckets on Plez Morgan Dr. and properly disposed of them.
- Removed trash and debris from roadways.
- Repaired 3 potholes.
- Completed 0 work orders for streetlight request.
- Completed 5 work orders for Street ROW Ditch/Drainage.
- Completed daily utility locates as necessary.
- Completed daily removal of bandit signs as necessary
- Completed monthly weed killer list.

Building/Facility/Vehicle/Equipment Maintenance

- Installed deadbolt on PD storage shed.
- Adjusted front door lock at City Hall.
- Pressure washed City Hall entry way.
- Replaced batteries in smoke/carbon monoxide detectors.
- Relocated hand sanitizer dispenser in City Hall.
- Replaced fence pickets at Water Plant 3.
- Replaced flags at Community Center.
- Pressure washed buildings at Water Plant 3.
- Completed monthly light bulb check at all facilities.
- Completed monthly check of AED's at City Hall and in crew trucks.
- Delivered cases of water to City Hall as requested.
- Completed weekly cleaning of Community Center.
- Completed weekly pre trip inspections of crew trucks.
- Completed monthly check of all irrigation systems and made repairs as necessary.
- Completed 1 work order for street sign issues.
- Completed 20 work orders for general-City Hall maintenance.

Parks/Recreation

- Replaced volleyball net at Cedar Brake Park.
- Removed low limbs and brush to prep for parking lot expansion at Cedar Brake Park.
- Unclogged sewer line on Simonton House at Fernland Park.
- Adjusted front door of Crane Cabin.
- Pressure washed Crane Cabin to clean excess daubing material.
- Replaced handrail on walking bridge at Memory Park.
- Completed 23 work orders for maintenance-parks issues.
- Purchased and delivered items requested by Fernland docents.
- M/W/F cleaning of all restrooms and grounds.
- Fernland docents reported 949 visitors and provided 57 tours for the month.

General

- Completed 17 work orders for maintenance-garbage issues.
- Completed 19 work orders for maintenance-general issues.
- Completed monthly safety meeting with department and safety officer.
- Attended monthly meeting with Head Park Docent at Fernland Park.
- Attended bi-weekly conference calls with utility operator and engineer.
- Attended active shooter training hosted by Police Department.
- Attended walkthrough inspection at Emma's Way.
- Attended walkthrough inspection of Buffalo Springs bridge.
- Attended lunch and learn event sponsored by Accurate Meter and Supply.
- Attended Lift Station 1 progress meeting.
- Attended onsite meeting with Entergy lighting representative.

- Attended TPWA monthly meeting.
- Attended department head staff meeting.
- Attended Water Plant 3 improvements conference call.
- Attended Cedar Crest master meter meeting with park owner.
- Attended pre-bid meeting for downtown waterline replacement project.
- Attended TORC meeting on Water Plant 3 improvements and watershed study.
- Attended mowing contract bid opening.
- Attended Leadership Montgomery County "Education" session and completed a workday at our class project site.
- Attended general discussion meetings with City Administrator and City Engineer.

Monthly Report for March 2020

Water

- Replaced blow off valve on Stewart St.
- Assisted contractor in water line repair in Hills of Town Creek.
- Activated/deactivated 10 water accounts.
- Did not complete monthly cutoff list due to COVID-19.
- Completed monthly leak notification door hangers.
- Completed monthly check of idle meter list for consumption. No issues were found.
- Completed 8 work orders for endpoint maintenance issues.
- Completed 2 work orders for water leaks.
- Completed 13 work orders for miscellaneous water issues.
- Completed 10 work orders for water taps.

Wastewater

- Located sewer tap for 123 Abner Ln.
- Installed extension rings on manhole at 19053 Villa Ln.
- Completed 9 work orders for sewer taps.
- Completed 0 work order for sewer-stop up.

Streets/Drainage/ROW

- Completed ROW mowing inspection. New contractor started in mid-March.
- Removed large fallen limb on Lonestar Bend.
- Started repainting all stop bars and speed humps.
- Set culverts for Cedar Brake parking expansion project.
- Installed a storm inlet saddle at Fernland Park to better drain the parking lot.
- Removed trash and debris from ditches on MLK and Baja.
- Excavated 600' of ditch on Old Plantersville Rd. to set culverts for customer at 1002 address.
- Set culverts for customer at 300 Prairie St.
- Started street sign inventory list.
- Cleared storm inlets throughout the city.
- Repaired 2 potholes.
- Completed 0 work orders for streetlight request.

- Completed 11 work orders for Street ROW Ditch/Drainage.
- Completed daily utility locates as necessary.
- Completed daily removal of bandit signs as necessary
- Completed monthly weed killer list.

Building/Facility/Vehicle/Equipment Maintenance

- Changed all locks on Community Center doors.
- Repaired faucet in men's restroom at City Hall.
- Set up chambers for Council meeting using Bluetooth speaker outside.
- Completed monthly light bulb check at all facilities.
- Completed monthly check of AED's at City Hall and in crew trucks.
- Delivered cases of water to City Hall as requested.
- Completed weekly cleaning of Community Center.
- Completed weekly pre trip inspections of crew trucks.
- Completed monthly check of all irrigation systems and made repairs as necessary.
- Completed 0 work orders for street sign issues.
- Completed 22 work orders for general-City Hall maintenance.

Parks/Recreation

- Replaced and stained deck boards on Crane Cabin.
- Sprayed water sealant on fence at Homecoming Park, downtown goat well, and entire Crane Cabin.
- Installed reservation lock box at Memory Park.
- Delivered and emptied debris trailer from Memory Park for Rotary Club.
- Relocated toilet paper dispensers in Community Center restrooms.
- Installed donation boxes at Memory Park for Rotary Club.
- Repaired fish fence at Memory Park outfall.
- Barricaded, taped off, and installed signage on all playground equipment due to COVID-19. Removed volleyball net and basketball goal also.
- Completed 28 work orders for maintenance-parks issues.
- M/W/F cleaning of all restrooms and grounds.
- Fernland docents reported 594 visitors and provided 54 tours for the month. We closed the park to tours beginning on March 18 due to COVID-19.

General

- Completed 14 work orders for maintenance-garbage issues.
- Completed 28 work orders for maintenance-general issues.
- Completed monthly safety meeting with department and safety officer.
- Attended bi-weekly conference calls with utility operator and engineer.
- Attended Leadership Montgomery County "Public Safety" session.
- Met with new IT provider to evaluate PW computer.
- Attended bid opening for downtown waterline replacement project.
- Attended one-year warranty inspection for Shoppes at Montgomery.

- Attended Shoppes waterline extension meeting onsite.
- Attended Eagle Scout project meeting at Memory Park.
- Held a "test" zoom meeting with Public Works staff.
- Attended department head staff meeting.
- Attended general discussion meetings with City Administrator, Assistant City Administrator, and City Engineer.

Report prepared by:
Mike Muckleroy
Director of Public Works
April 7, 2020

101 Old Plantersville Rd. Montgomery, TX 77316

Main: 936-597-6434 Fax: 936-597-6437

To: Richard Tramm - City Administrator

Date: April 24, 2020

Re: Manhole at 649 Old Plantersville Rd.

The Public Works Department determined that a sanitary sewer manhole needed to be set in place on a section of 6" main that had several blockages over the last couple of years. We had the line cameraed and found a 22.5 degree bend was originally installed with a cleanout and there was major root intrusion. We excavated the area and constructed a "doghouse" style manhole typical in this application. All work was performed in-house at a significant cost savings listed below.

In-house cost: Parts-\$1,073.50 Labor-\$720.00 Total-\$1,793.50

Contractor estimate:

I talked to Brad Raines with Randy Roan Construction to get an over the phone quote on the exact work that was completed.

Estimate-\$10,000.00

This is a direct savings to the city in the amount of \$8,206.50. The three stoppages we have had over there cost the city anywhere from \$1,000.00 to \$1,500.00 each time they happen. Those future costs are also eliminated by installing this manhole and removing the root intrusion.

I have attached photos of the job as a reference.

Sincerely, Mike Muckleroy

Director of Public Works

Montgomery Police Department

Chief Anthony Solomon

CITY OF MONTGOMERY POLICE DEPARTMENT

Chief: Anthony Solomon 101 OLD PLANTERSVILLE RD MONTGOMERY, TX 77316 (P): (936) 597-6866

Changes due to COVID-19

As a small agency, we have had to make changes to protect our staff. So with the impact of COVID-19 as a city and county, we have had to make changes and how we handle charges that in the past would have sent an offender to the county jail. There's been a real change trying to make that balance between public safety and public health and how we file charges on a suspect and considering the nature of the crime and the risk of spreading the virus. In many cases, we take the report and file what we call a TO-BE warrant on the subject that can be filed after this pandemic is over.

With patrol as one of the essential functions of the Montgomery Police Department as with any Police department and traffic enforcement being a major part of that in an effort to reduce unnecessary contact between officers and the public to reduce the spread of the virus we ask officers to use their discretion when it making those stops. There is also discretion used in calls such as lost property, Phone Harassment, and found property, these if possible are handle by phone.

One other change we will be making this week is that officers will only respond to accidents where there are possible injuries involved. Other than that callers will be advised to exchange information. We have also placed our part-time officer on standby ready to backfill if needed.

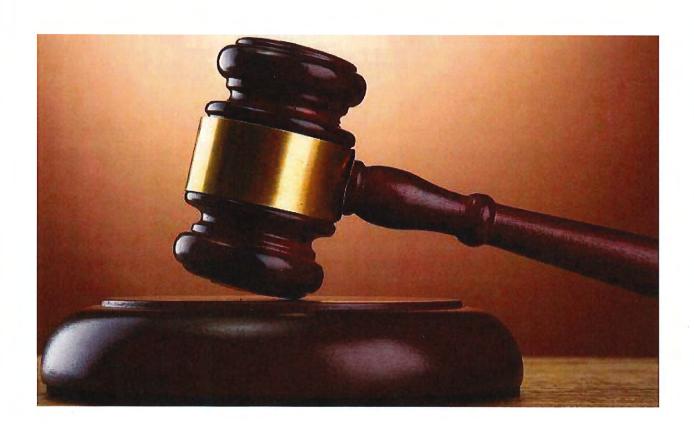

We recognize that these operational changes will evolve and adapt as the situation changes. The Montgomery Police Department will continue to use its various social media platforms and websites to help communicate important messaging to the public and the news media regarding COVID-19 and other public safety matters. With all this, we're are trying to inform our officers each day of changes and asking them to do the same so that way we can minimize the impact this could have on response time for calls of service and other incidents.

Anthony Solomon

City of Montgomery

Operations Report March 2020 02/18/20-03/17/20

Dear City of Montgomery Council Members:

We are pleased to provide you with the monthly operations report. This report summarizes the major events that occurred during the operating month. Our mission, as always, is to assist the district in providing safe and reliable water to the residents.

The water plants, wastewater plant and drinking water quality is checked on a daily basis. Wastewater collection system lift stations are checked three times a week. Alarms are monitored, and our staff is on 24-hour call. Our construction crews are minutes away from the City.

Our operators collect and enter all facility data into Kardia. Our operators note any issues or problems that are observed during the day. Mission Control is instantly aware of the issue and immediately begins the resolution process. This approach benefits our clients because decisions can be made based on relevant data.

All the district's data can be accessed on-line. The data is username and password protected. The data is integrated with Kardia and updated daily. District alerts that are generated by Kardia can be sent to board designated recipients. GUS appreciates the trust and confidence that the board has in our team. We work diligently to provide our clients with accurate and useful information.

Michael Williams

Vice President of Operations

Gulf Utility Service

District Alerts

02/19/2020 - Lift Station 2, Variable frequency drive (VFD) failure

Upon arrival operator found lift pump 3 called out VFD failure. Operator reset alarm and monitored facility.

02/26/2020 – Lift Station 2, Variable frequency drive (VFD) failure

Upon arrival operator found lift pump 1 called out VFD failure. Operator reset alarm and monitored facility.

03/03/2020 – Water Plant 3, Chlorination system Failure

Upon arrival operator found well 4 chlorination system not feeding properly. Fitch Services was called to investigate the issue and found the regulator was clogged and filter needed to be replaced. Repairs were made and facility is running normal.

03/05/2020 – Water Plant 3, Failed to Prime

Upon arrival operator found well 4 tripped and failed prime light was on. Well would not reset and needed to be further investigated. The well was shorted and needed to be taken in for repairs. A rental motor was put into place until repairs were completed. C&C installed the rental motor and well 4 was put back online. (rebuilt motor was installed on 4-2-20)

03/13/2020 - Lift Station 3, High Wet Well

Pumps were found with excessive run time, and not able to draw water level down. Pumps were pulled and cleaned of debris. Wet well now in normal level.

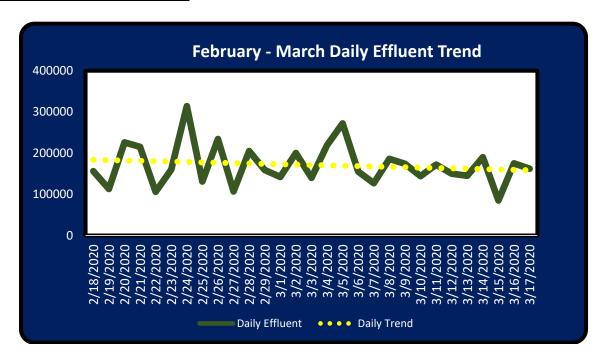

03/15/2020 - Lift Station 12, High level

Upon arrival operator found lift station at high level. Operator reset alarm and monitored facility until level dropped.

03/17/2020 - Lift Station 2, High level

Operator found lift station at high level. Operator reset alarm and monitored facility until level dropped.

Wastewater Plant Flow Detail

- Flow for the month of February March was 4,964,000 gallons
- Daily peak flow February 24, 2020 was 314,000 gallons
- Average Daily Flow 171,200 gallons

Discharge Limitations

- Daily Average Flow 400,000 gallons (0.4 MGD)
- 2-Hour Peak Flow 833 gpm
- CBOD daily average 10 mg/l
- Total Suspended Solids (TSS) 15 mg/l
- Ammonium Nitrogen (NH3) 2 mg/l
- Chlorine Residual >1.0 mg/l < 4.0 mg/l
- The current permit expires 06/01/2022

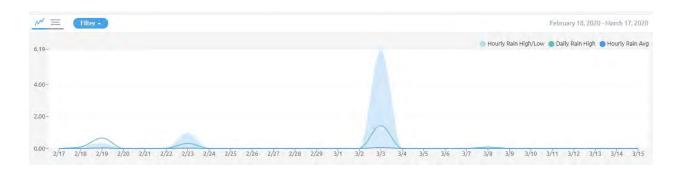

Effluent

TSS, DO, E.Coli, NH3N, PH sample results were all comfortable within the parameters set by the State of Texas.

Buffalo Springs WWTP Effluent Monitoring Report

Effluent Permitted Values	Parameter		Measured	Excursion
Average Monthly T.S.S.	15	mg/l	4.20	no
Average Monthly NH3	2	mg/l	0.20	no

April 23, 2020

The Honorable Mayor and City Council City of Montgomery 101 Old Plantersville Road Montgomery, Texas 77316

Re: Engineering Report

Council Meeting: April 27, 2020

City of Montgomery

Dear Mayor and Council:

The following information summarizes our activities on your behalf since the February 25th Council Meeting:

Status of Previously Authorized Projects:

All projects discussed below are shown on the enclosed maps of active developments and capital projects.

- a) Baja Road Water and Drainage Improvements, Phase I & Phase II (CDBG)
 We are working with the Contractor, City, and GrantWorks to ensure all required documentation is prepared and submitted as required by the Texas Department of Agriculture to close out the project.
- b) Water Distribution System Analysis and Master Plan CP No. 3 Downtown and SH-105 Waterline Replacement

We received bids at City Hall on March 16th, and there is a separate agenda item and accompanying memo to further discuss this item.

Agenda Item: Consideration and acceptance of construction bid for the TWDB - Downtown Waterline Replacement project and authorize the project to be re-bid.

- c) Water Distribution System Analysis and Master Plan CP No. 9 Water Plant No. 3 Improvements
 The plans are substantially complete. We have received and addressed the comments from the Texas
 Water Development Board. We met with the City and TORC on April 9th to review and discuss their
 comments. We are addressing items discussed at the meeting and plan to submit final plans to the
 TWDB for approval this week.
- d) Water Distribution System Analysis and Master Plan CP No. 1, Water Plant No. 2 GST Backfill
 After discussing the need for this project with City Staff, the project will not be bid with the Water Plant
 No. 3 Improvements and be placed on an indefinite hold.

Status of Previously Authorized Projects (cont.):

e) 18" Gravity Sanitary Sewer Extension, Phase 2

As a reminder, we held a final inspection on October 15th. The remaining items to be completed by the contractor are the final testing of the line which will occur once the new lift station is put into service.

f) Sanitary Sewer System Analysis and Master Plan – CP No. 3b – Lift Station No. 1 Replacement The contractor is continuing with construction of the wet well and electrical work for the Lift Station No. 1 Replacement project. We received and recommended payment of Pay Estimate No. 5 in the amount of \$67,140.00 and Pay Estimate No. 6 in the amount of \$36,027.00 to Veritas Management Company LLC DBA Black Castle General Contractor for work completed as of March 23, 2020. As of Pay Estimate No. 6, the contract is approximately 109% complete by time and 43% complete by value. Based on the contractor's current schedule, construction will not be substantially complete until late May 2020.

Lift Station Site

Electrical Duct Bank

Status of Previously Authorized Projects (cont.):

g) Sanitary Sewer System Analysis and Master Plan – CP No. 10 – Lift Station No. 3 Force Main Re-Route As a reminder, this project is included in TWDB CWSRF loan. The design is substantially complete, has received TxDOT approval, and is temporarily on hold until the Lift Station No. 1 project is complete.

h) GLO Projects

The proposed work is undergoing environmental review for compliance. We are also working with GrantWorks to find a way to move forward with some of the projects until the drainage analysis is complete. Additionally, we are assisting City Staff with the review of the Statement of Qualifications for the required drainage analysis.

Existing and Upcoming Developments:

a) Feasibility Studies – There are no ongoing feasibility studies at this time.

b) Plan Reviews

- i. Wendy's (Haza Foods) We did not receive revised plans this month.
- ii. Starbucks We received revised plans for the development on March 3rd and returned comments to the plans on March 11th. We received further revised plans on March 18th and returned approval on March 26th.
- iii. Heritage Parking Place Expansion We received revised plans on March 3rd and returned comments to the plans on March 11th. We received further revised plans on April 7th and expect to return plan approval once the building lines are recorded.

c) Plat Reviews

- i. Heritage Place Parking Development Plat We received revised plans for the plat on March 3rd and returned comments on March 11th. We expect to be able to provide plat approval once the building lines are recorded.
- ii. The Shoppes at Montgomery, Section 2 Amended Plat We received a revised plat and returned comments on March 31st.
- iii. Gulf Coast Estates Section 2 Replat We approved the replat this month.
- iv. Town Creek Crossing Sections 1 and 2 Preliminary Plat We received the preliminary plat on March 23rd and returned comments on March 31st. We received a revised preliminary plat on April 17th and returned comments on April 23rd.
- v. Depado Development Section 1 Minor Plat We received the initial plat on April 1st and returned comments on April 8th. We received a revised plat on April 20th and are ready to approve the plat once all documents and hard copies are submitted.

Plat Reviews (cont.):

vi. Hills of Town Creek Section 4 Preliminary Plat – We received the preliminary plat on April 15th and returned comments on April 22nd.

d) Ongoing Construction

i. Shoppes at Montgomery Public Waterline Extension – We attended a preconstruction meeting with the developer and contractor on March 17th for the public waterline extension on the Shoppes at Montgomery property. The contractor has substantially completed construction and we are coordinating the required testing.

e) One-Year Warranty Inspections

- i. Lake Creek Village, Section 3 We are continuing to work with the Developer and his contractor to address the roadside ditch along Buffalo Springs Drive.
- ii. Villas of Mia Lago, Section 2 It is our understanding the contractor is working to address the items identified at the one-year warranty inspection.
- **iii. 18" Gravity Sanitary Sewer Extension, Phase I –** The one-year warranty inspection was held on January 7, 2020 and the contractor has completed addressing the punchlist items.

Agenda Item: Consideration and possible action regarding completion of a one-year warranty period for the 18-Inch Gravity Sanitary Sewer Line Extension (Phase 1).

iv. Shoppes at Montgomery Public Infrastructure – We performed a one-year warranty inspection on March 26th, and all punchlist items have been addressed. We therefore recommend bonds be released.

Agenda Item: Consideration and possible action regarding completion of a one-year warranty period for The Shoppes at Montgomery Public Infrastructure project and release of maintenance bond.

- v. Hills of Town Creek, Section 3 The one-year warranty inspection was held on January 7, 2020, and the contractor is currently addressing the punch list items.
- vi. Emma's Way The one-year warranty inspection was held on February 18, 2020 and the contractor is currently addressing the punch list items.

Meetings and Ongoing Activities:

- a) Biweekly Operations Conference Call We continue hosting a biweekly conference call with representatives from Gulf Utility Service, Inc. and City Staff. Items of note discussed during the previous month included receiving estimates for repairs to Lift Station No. 14, updates on various warranty inspections, general updates on all active design and construction projects, and general operations of the City's water and sanitary sewer facilities.
- **b) FM 1097 & Atkins Creek (TxDOT)** It is our understanding TxDOT has received the preliminary study results and are currently reviewing.
- c) FM 149 & SH-105 Right Turn Lane –TxDOT has advised that the project will not be let until 2025 with the previously discussed downtown FM 149 improvements. We are looking into the mobility study completed in 2017 to determine if there is sufficient data to request TxDOT complete construction sooner.
- d) Design Manual Update We are preparing updates to the City's Design Manual, as authorized by City Staff, in response to recent legislation that requires all plan review comments to reference a written rule. Updates include the addition and modification of standard details and City preferences for construction to be enforced in all proposed City and private developments.
- e) Annual Water Plant Inspection We completed a TCEQ Checklist inspection of the City's water plant facilities on March 3rd. We discussed the results of the inspection with City staff, and items identified in need of attention at Water Plant No. 3 are included in the upcoming Water Plant No. 3 Improvements plans.

Please contact me if you have any questions.

Sincerely,

Chris Roznovsky, PE Engineer for the City

Meeting Date: April 28, 2020	Budgeted Amount: N/A
Department: Administrative	
Prepared By: Dave McCorquodale	Exhibits: None
Date Prepared: April 23, 2020	

Consideration and possible action regarding calling a Zoning Board of Adjustment Public Hearing for a variance request for a front building line of 25-feet instead of the required 35-feet for the proposed Heritage III development along SH105 west of the Louisa Street intersection as submitted by Cheatham Management.

Description

This item was not acted on at the March 10, 2020 meeting due to lack of a supermajority of City Council present. (Zoning Board of Adjustment actions require a supermajority vote). This action will allow for new notification letters to be mailed and legal notice to be published to ensure compliance with state law.

Recommendation

Staff recommends calling a Zoning Board of Adjustment Public Hearing for Tuesday May 26th at 6:00 p.m. to receive comments on the request. This date will allow for publication and notification deadlines to be met.

Date Prepared: April 23, 2020	

Consideration, discussion and possible action to appoint Kevin Lacy to fill the vacancy in City of Montgomery City Council Place 1 that was created with the resignation of Jon Bickford.

Description

Jon Bickford resigned from City Council Position 1 in February 2020, creating a vacancy that was to be filled with a Special Election scheduled for May 2, 2020. The Special Election has been delayed until November 3, 2020 due to the COVID-19 public health emergency. The City has three City Council positions on the General and Special Election ballots, with only the election for Place 2 being unopposed with Kevin Lacy as the only candidate for that position. Filling this seat will allow the Council to be operating at full membership through the through the election date.

Recommendation

Discuss and consider the item as you feel is appropriate.
